Information

Hello there, I've notice that the 14:58 train to Cambridge has been delayed. Do you know why this is and when it's due to arrive?

Oh yes, I'm sorry we're experiencing delays because of leaves on the track. It looks like the train will be about 10 minutes late but if you keep an eye on the departure boards that will tell you the right time.

Perfect, do you which platform that's due to leave from?

Yes, it looks like platform 1, but again you should keep an eye on the departure boards.

Excellent, thank you very much.

You're welcome.
